RECEIVED
DEC 10 2018
CITY OF MEDFORD

Dear John,

Medford Area Public Schools has been looking at options and costs to handle the sanitary sewer for our new team building. Rough estimates to connect to the city's sanitary sewer, excavation, asphalt, could exceed \$20,000. We also looked into installing a 3000 gallon holding tank, with a rough cost of \$7,000. Kyle Noonan from Taylor County Zoning has said they will approve it, per the city's approval. We know that this is not the normal policy of the city. However, with the cost being about one-third for the holding tank, we are asking the city for a variance. Please feel free to contact Dave Makovsky or myself with any questions.

Thanks for your consideration.

Pat Sullivan
District Administrator
